

Hotel Reservations

Below you will find a list of hotels of diverse categories, as well as 'Bed and Breakfast' and an excellent Youth Hostel. These hotels were selected by the organising committee for their present quality and are listed with their addresses, current prices and e-mail address.

It is possible to reserve a room directly with the hotel. Sometimes it is better to go through a travel agent of your own country or through the internet (for example : www.booking.com) who have package deals for the same hotels at a better price.

(we listed number of rooms, price for 1 person, price for 2 persons, breakfast included or extra, and the distance to the congress venue)
